Renan Jade D. Molina

Senior IT Technician
(Province of Leyte)

Phone: 09061716732

OBJECTIVE:

To obtain a challenging position in an IT-related role where I can utilize my technical skills, problem-solving abilities, and knowledge in systems, networks, and web technologies to contribute to the success and growth of the organization while continuously developing my professional expertise.

WORK EXPERIENCE

Provincial Government of Leyte (Special Project Office)

IT Technical Support (June - March) 2025 - 2026

- Supported full-cycle deployment of digital systems from hardware installation to go-live.
- Installed and deployed the Document Tracking System (DTS) in government offices.
- Configured and maintained **Servers, Routers, Switches, and Access Points**.
- Resolved critical issues through remote and on-site technical support.
- Performed network troubleshooting to maintain system availability.
- Conducted regular server backup and recovery to ensure data security and disaster readiness.

Tacloban City Police Office

IT Intern (February - April) 2025

- Acted as primary on-site technical support, resolving hardware, software, and peripheral issues for end-users.
- Maintained local area network (LAN) stability to ensure uninterrupted access to police databases.
- Optimized workstation performance to facilitate smooth daily operations for department personnel.
